

# What Should Parents Do To Prepare For A School Emergency?

Parents have an invaluable role in preparing their children for emergencies. Listed below are some of the ways you can help them understand that if an EMERGENCY occurs at school, teachers and school officials are trained to handle the situation. Reassure your child, the school will notify parents, and you will be reunited with them as soon as possible.

- ⚓ Be sure **Emergency Contact Information** is current and correct. Contact the school secretary immediately whenever your work, home, or cell number changes.
- ⚓ Keep the **School Nurse** informed of any medical conditions or physical limitations your child may have or medications your child may be taking.
- ⚓ **Identify who is authorized to pick up your child if you are not able to respond.** Make sure their contact information is current and correct. Please understand that **your child will ONLY be released to parents and persons identified on the Emergency Contact List.** Discuss this information with your child.
- ⚓ **Make sure your child knows** the name, address, and phone number of parents and guardians. If there is only one parent or guardian, your child should have contact information for a second adult on file with the school.
- ⚓ **Talk to your child** about the importance of remaining calm and following instructions in the event of an emergency. If an emergency occurs while students are at school, their teacher will provide them with appropriate instructions and information.
- ⚓ Let your child know that students can be moved to another location until they can be picked up. Explain the term **"EVACUATION"** in order to ease anxiety and fear if/when an evacuation takes place.
- ⚓ Explain that **cell phones** may be used briefly to communicate his/her status to you, such as, "I am safe." Emergency responders will depend on cell phones for communication. If students and parents are trying to contact each other, cell circuits may become overloaded, interfering with the ability of emergency responders to communicate vital information.
- ⚓ Whenever you are on school grounds, remain alert to activity in and around the school. **Report any suspicious activity** to school administration or law enforcement so that they can investigate.
- ⚓ Establish a **Family Preparedness Plan**, including a communication plan. This will enable you to communicate with all family members during an emergency.
- ⚓ **Be reassured that ALL faculty and staff are trained in proper scenarios and techniques on how to handle emergency situations.** Each month, staff and students go through different scenarios as well as drills to ensure we are prepared for different situations.

## Safety Terms and Procedures

In the event of an Emergency at your child's school, it is important to know the following terms:

- ⚓ **LOCKDOWN** – Used to protect the students and staff from potential dangers in the building. During a lockdown, all interior and exterior doors are locked. No one is permitted to enter or exit the building until school officials and/or law enforcement have determined it is safe.
- ⚓ **SHELTER-IN-PLACE** – Used when an external event takes place (gas leak, chemical spill) around the school, and officials determine the safest course of action is to keep students and staff inside the building until the external event is handled. If shelter-in-place extends beyond the school day, parents will be notified.
- ⚓ **EVACUATION** – Used when the school is unsafe for students and staff to remain inside the building, the school will be evacuated. Students and staff may remain on school grounds until the building is safe to re-enter or be relocated to a safe location off school property. In the event of an off-campus evacuation, the students will either be transported home or wait for family members to pick them up from the reunification site.
- ⚓ **SECURE THE BUILDING** – Used to protect occupants from potential dangers outside the building (ex: police pursuit of suspect). Students and staff will continue normal routines inside the building.

## **Your Child's Safety: Our #1 Priority**

### **HOW CAN I BE REUNITED WITH MY CHILD?**

Several off-site locations have been determined in advance, but we are not able to share with parents until the incident unfolds. The relocation site will be announced in one or more ways to inform parents where to pick up their child/children.

- ⚓ One Call System
- ⚓ District Website
- ⚓ Social Media (Facebook and Twitter)
- ⚓ Local TV Station – WPSD

Understand that emergency pickup procedures are different than routine pickup procedures. In the event you are notified to pick up your child at school or at a designated family reunification site, bring a **PHOTO IDENTIFICATION CARD** with you.

### **SCHOOL VISITORS**

All school visitors must check in at the front office and receive a name tag. In the event of an emergency or evacuation, school visitors will have the option to leave the school campus after evacuation has occurred or be escorted to the holding area.

### **DURING SHELTER-IN-PLACE/LOCKDOWN**

Students will not be released to leave the building until it is deemed safe by the School or Emergency Officials.

### **What Should I Do During A School Emergency?**

When an emergency occurs that affects the school, a parent can get important information by doing one of more of the following:

- ⚓ Tune into local television or radio stations designated to carry emergency information.
- ⚓ Visit the District Facebook Page @FultonCoPilots
- ⚓ Check out the District Website at [www.fulton.kyschools.us](http://www.fulton.kyschools.us)

### **PLEASE DO NOT GO TO THE SCHOOL**

As we have learned from the past school emergencies, one of our greatest challenges is how to manage a large number of parents and concerned citizens rushing to the scene to help.

By doing so, parents can inadvertently create traffic jams that may block emergency responders from getting to the scene or from leaving to transport injured students/staff to emergency medical facilities.

### **PLEASE DO NOT CALL THE SCHOOL**

It is essential to keep phone lines open so school officials can make outgoing emergency calls. If students are ill or injured, the parents of those students will be notified first.

Remain close to the phone listed as your emergency contact number.

**REMAIN CALM, FOLLOW PROCEDURES, AND COOPERATE! PILOT PRIDE, All The Time!**
